# Les cocottes des tables de multiplication

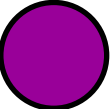

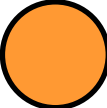

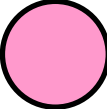

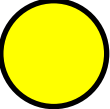

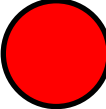

# Les cocottes des tables de multiplication

A 3x3 grid with a diamond pattern. The grid is divided into nine squares. The central square is a diamond shape. The corners of the grid are empty. The middle squares contain multiplication problems and their results. The corners of the diamond contain colored circles. The multiplication problems and results are:  $3 \times 2 = 6$ ,  $3 \times 8 = 24$ ,  $3 \times 7 = 21$ ,  $3 \times 3 = 9$ ,  $3 \times 4 = 12$ ,  $3 \times 6 = 18$ ,  $3 \times 5 = 15$ ,  $3 \times 9 = 27$ , and  $4 \times 4 = 16$ . The colored circles are: purple (top-left), brown (top-right), orange (middle-left), blue (middle-right), pink (middle-left), green (middle-right), yellow (bottom-left), and red (bottom-right).

 $3 \times 2 = 6$	 $3 \times 7 = 21$	 $3 \times 8 = 24$
 $4 \times 4 = 16$	12 15 27	18 9 6
 $3 \times 5 = 15$		 $3 \times 9 = 27$

	$3 \times 7$		
$3 \times 2$	6	24	$3 \times 8$
	21	6	
$3 \times 4$	12	18	$3 \times 3$
	15	27	
$3 \times 5$			$3 \times 6$

# Les cocottes des tables de multiplication

A 3x3 grid with a diamond pattern. The grid is divided into 9 squares. The diamond pattern is formed by two overlapping squares. The multiplication problems and their results are as follows:

	$4 \times 7$		$4 \times 2$	
$4 \times 4$	8	$4 \times 8$		
$4 \times 4$	28	32		
	91	12	$4 \times 3$	
$4 \times 4$	20	24	$4 \times 6$	
$4 \times 5$	36			
			$4 \times 9$	
$4 \times 5$				

The multiplication problems are:  $4 \times 7$ ,  $4 \times 4$ ,  $4 \times 4$ ,  $4 \times 2$ ,  $4 \times 8$ ,  $4 \times 3$ ,  $4 \times 6$ ,  $4 \times 5$ , and  $4 \times 9$ . The results are: 8, 28, 32, 12, 24, 36, 20, and 91. Each problem and result is associated with a colored circle: orange, pink, yellow, purple, brown, blue, green, and red.

$4 \times 2$	8	32	$4 \times 8$
$4 \times 4$	28	12	$4 \times 3$
	91	24	
$4 \times 5$	20	36	$4 \times 6$
$4 \times 9$			

# Les cocottes des tables de multiplication

A 3x3 grid of multiplication problems. Each cell contains a multiplication problem and a colored circle. The problems are arranged in a diamond pattern within the grid.

	$5 \times 7$		
$5 \times 2$	10	$5 \times 8$	
$5 \times 4$	35	40	$5 \times 3$
	20	15	
$5 \times 5$	25	30	$5 \times 6$
	45		
$5 \times 5$		$5 \times 9$	

The colored circles are: orange (top-left), pink (top-middle), yellow (top-right), purple (middle-left), brown (middle-right), blue (bottom-right), green (bottom-middle), and red (bottom-left).

# Les cocottes des tables de multiplication

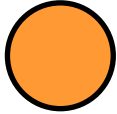

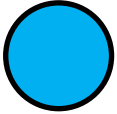

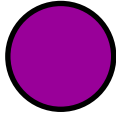

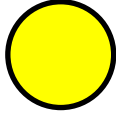

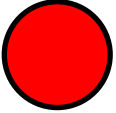

A 3x3 grid of multiplication problems. The grid is divided into nine cells. The central cell contains the number 10. The four cells immediately surrounding the center (up, down, left, right) contain the numbers 35, 40, 20, and 30. The four cells in the corners of the grid contain the numbers 25, 45, 15, and 30. The eight cells on the perimeter of the grid (excluding the center and the four cells immediately surrounding it) contain multiplication problems:  $5 \times 7$ ,  $5 \times 2$ ,  $5 \times 8$ ,  $5 \times 4$ ,  $5 \times 5$ ,  $5 \times 9$ ,  $5 \times 3$ , and  $5 \times 6$ . Each multiplication problem is written inside a circle.

$5 \times 7$	10	$5 \times 2$
$5 \times 4$	35	$5 \times 8$
$5 \times 5$	20	$5 \times 3$
	25	30
$5 \times 9$	45	$5 \times 6$

# Les cocottes des tables de multiplication

A 3x3 grid with a diamond pattern. The grid is divided into 9 squares. The central square is empty. The other 8 squares contain a multiplication problem, its product, and a colored circle. The multiplication problems are arranged in a diamond shape: 4x9, 6x7, 6x2, 6x9, 6x8, 6x3, 6x6, 6x5, 6x9.

	 $6 \times 7$	
 $4 \times 9$	12 42	 $6 \times 3$
	 $6 \times 2$	 $6 \times 8$
 $6 \times 5$	24 30 54	 $6 \times 6$
	 $6 \times 9$

# Les cocottes des tables de multiplication

A 3x3 grid with a diamond pattern. The grid is divided into 9 squares. The central square is empty. The other 8 squares contain a multiplication problem and its product. Each square also contains a colored circle. The multiplication problems and products are:  $9 \times 2 = 18$ ,  $9 \times 8 = 72$ ,  $9 \times 7 = 63$ ,  $9 \times 3 = 27$ ,  $9 \times 4 = 36$ ,  $9 \times 6 = 54$ ,  $9 \times 5 = 45$ ,  $9 \times 9 = 81$ ,  $9 \times 6 = 54$ , and  $9 \times 3 = 27$ . The colored circles are: purple, brown, orange, blue, pink, green, yellow, and red.

	$9 \times 2 = 18$	$9 \times 8 = 72$	
$9 \times 7 = 63$		$9 \times 3 = 27$	
$9 \times 4 = 36$	$9 \times 6 = 54$	$9 \times 6 = 54$	$9 \times 3 = 27$
	$9 \times 5 = 45$	$9 \times 9 = 81$	
	$9 \times 2 = 18$	$9 \times 8 = 72$
